Bed Lighting Kit

Why go fumbling in the dark when you don't have to? The bed lighting kit will effectively light up your truck bed so you can actually see what you're loading and unloading. High-performance LED truck bed lighting helps improve cargo management at night or in dark locations. Two separate light assemblies each including six LEDs—on the inside bed walls and near the rear of the cargo area—provide excellent light distribution while loading and unloading. Precise placement angles illuminate toward important cargo locations. Constructed of high-quality, durable materials.
